

YOUR MOST *Source* TRUSTED GENETIC  
THE BRANGUS OFFERING...

When we evaluate and talk about breed complimentary genetics we are convinced that the Brangus breed is a must for a well thought out and planned crossbreeding system. Environmental adaptability is a key factor in any management system. Brangus adapt well to a wide range of harsh environments. They tolerate the fescue found in a large portion of cow country, they withstand the heat and humidity of the south and southeast, semi-arid conditions of the west and northwest, and we feel they tolerate cold conditions better than English and Continental cattle do the heat.

However, we are not just talking environmental adaptability; but bulls with the genetics to improve a host of economically important traits from calving ease to improved carcass. Yes, an eared breed of cattle with muscle, marbling and growth while still maintaining that exceptional mother cow we all love.

# Cattle Load Out & Hauling

Suhn Cattle Company will make every effort for cattle to be available for load out as soon as possible after settlement is made. However, until the conclusion of the sale getting cattle into and out of the sale ring will take precedence over load out. EVERY effort will be made to get you loaded and on your way in as timely a fashion as possible.

# Sight Unseen Purchases

*If you are unable to attend the sale yet want to purchase cattle sight unseen please contact us at (620) 583-5923 or (620) 583-3706.*

## How Does It Work?

- Contact Suhn Cattle Company to discuss what you are looking for or download a Sight Unseen Purchase Form at [www.suhncattlecompany.com](http://www.suhncattlecompany.com) and fax the form to us.
- Describe your selection criteria and your price range(s).
- You pay only the bid price, just as if you were bidding in person.
- We will call after the sale to confirm your purchase and method of payment.
- Your purchase will be delivered to a central delivery point upon payment. You decide whether or not you like the animal(s) upon delivery. If you don't like them, you don't own them. It's that simple. All sight unseen purchases are 100% satisfaction gauranteed.
